

As computer scientists, could you...

- create an ocean animal fact file?
- visit the coast and take some photographs of the human and physical features you see there?

As writers, could you...

- write a poem about the ocean?
- create a poster on how to stay safe near water?
- create a senses grid of what you might see, hear, smell, taste and feel at the coast?

Hazel Class Summer 2
Learning Challenge
Seas and Oceans
What is it like to live by the coast ?

As artists and designers, could you...

- create a poster/ 3D diagram about the layers of the ocean?
- create your own seaside picture using collage or painting?
- complete the '2dos' on Purple Mash to create a rock pool or design a desk chair?

A huge well done to all the children who completed Learning Challenges last half term! Here are some ideas for this half term's home learning. Let's see if everybody can complete at least one challenge. You are, of course, welcome to do more than one! Please feel free to complete any other home learning your child is inspired to do linked to our topic, even if it is not on this challenge sheet. Challenges are to be completed over the half term and should be brought into school by **Monday 13th July**.

I look forward to seeing your completed challenges.
Please do not hesitate to ask should you have any questions regarding home learning.
Thank you in advance for all your support.
Mrs Evans
