

Hazel Class Autumn 1
Learning Challenge
Would you prefer to live in a hot or cold place?

As designers could you:

- Create an animal picture using a variety of different fabrics and materials?
- Create a cold or hot themed collage? Why not go out collecting natural objects?
- Design a calendar showing the 12 months of the year and which season they fall in? Don't forget to highlight important dates like your birthday!

As writers could you:

- Write a poem about the seasons? Don't forget the illustrations!
- Design the perfect winter or summer menu, including starter, main and dessert? Make sure to use seasonal ingredients... and maybe use the computer!

As computer scientists could you:

- Research an animal and choose a way to present the information you have found?
- Go on an autumn walk with an adult and look around and take pictures of things that have changed since summer?

Here are some ideas for this half term's home learning. Let's see if everybody can complete at least one challenge. You are, of course, welcome to do more than one! Challenges are to be completed over the half term and should be brought into school by

Monday 20th October.

We look forward to seeing your completed challenges.

Any questions, please come and see us.

Mrs Evans
