

Learning Challenges

Electricity

Is electricity really that important?

that link to electricity and write a review about what you have read?

- Read non-fiction texts about Electricity and write a fact sheet detailing your findings?

As Computer Scientists can you:

- Create a poster, leaflet or PowerPoint explaining what Electricity is and where it comes from?
- Create a poster leaflet or PowerPoint informing people on how to stay safe around Electricity?

As Geographers can you:

- Find a map of the United Kingdom and plot all of the power stations?
- Use a Key for all different forms of power?
- Generate your own electricity using a natural resource?

As Musicians can you:

- Make up your own song, rhyme or rap about Electricity?

detailing what you would do if you had no power for the day?

- Keep a diary of your electricity use and then conclude as to whether you think it is essential or non-essential use?
- Create and write an explanation about your own robot? Ensure you describe what it looks like and the skills it will have.

As Artists and Designers can you:

- Design and create a model showing how electricity is generated?
- Design and create your own robot, inspired by 'The Iron Man'?

Here are some ideas for this half term's home learning. Let's see if everybody can complete at least one challenge. You are, of course, welcome to do more than one!

We will look forward to seeing your completed challenges.

Don't forget to keep learning your times tables!
