

Willow Class Autumn 1
Learning Challenge
Are Magnets really magic?

As Writers you could:

- Research seals or another animal of your choice and create a quiz or a script for a documentary (you could even film it). Think carefully about the questions you ask!
- Develop a set of instructions to tell others how to surf.
- Write a detailed book review of 'Seal Surfer'. Remember to think about your favourite part in the story, your favourite character and how many stars the book deserves!

As Designers you could:

- Create your own castle. This could be a painting, collage or even 3D!

As Performers you could:

- write and perform a poem, a song or even a dance!

As Computer Scientists you could:

- Prepare a powerpoint presentation about magnets! Remember to show off all your super science learning.

Here are some ideas for this half term's home learning. Let's see if everybody can complete at least one challenge. You are, of course, welcome to do more than one! Challenges are to be completed over the half term and should be brought into school by

Monday 19th October.

We will look forward to seeing your completed challenges.

Any questions, please come and see us.

Mrs Bell
